

CESQG Program Costs

Waste Type	Fee	Units
Processing Fee	\$20.00	per visit
Lead Acid Batteries	N/C	
Motor Oil	N/C	
Oil Filters	N/C	
Helium Tanks	N/C	
Fluorescent Tubes	\$0.70	Pound
Misc. Mercury Bulbs	Varies	Pound
Household Batteries (Single-use)	\$0.80	Pound
Household Batteries (Rechargeable)	\$1.60	Pound
Fuel Filters	\$1.00	Each
Antifreeze	\$1.00	Gallon
Class 9 Non-RCRA (Solids)	\$1.60	Pound
Class 9 Non-RCRA (Liquids)	\$1.60	Gallon
Asbestos	\$1.60	Pound
Flammable Solid	\$1.60	Pound
Absorbent	\$1.60	Pound
Medical Sharps	\$1.60	Pound
Poison Solids	\$2.10	Pound
Poison Liquids	\$2.10	Pound
Inorganic Acid	\$2.10	Pound
Organic Acid	\$2.10	Pound
Inorganic Base	\$2.10	Pound
Neutral Oxidizer	\$2.10	Pound
Organic Peroxide	\$2.10	Pound
Oxidizing Acid	\$2.10	Pound
Oxidizing Base	\$2.10	Pound
PCB Containing Paint	\$3.20	Pound
Other PCB Waste	\$3.20	Pound
Corrosive Aerosols	\$3.20	Pound
Flammable Aerosols	\$3.20	Pound
Flammable Liquids	\$3.20	Pound
Bulked Flammable Liquid	\$5.30	Gallon
Reactives	\$5.30	Pound
Oil-Based Paint & Related	\$5.30	Gallon
Latex Paint	\$5.30	Gallon
Mercury Devices	\$5.30	Pound
Propane Tanks	Varies	Each
Empty Drums	\$10.00	Each
Mercury	\$14.70	Pound

Fees for the drop-off program depend on the type and amount of waste. Prices stated are for informational purposes only and are subject to change at any time.

SMALL BUSINESS HAZARDOUS WASTE DISPOSAL PROGRAM

AFFORDABLE, SAFE & LEGAL HAZARDOUS WASTE DISPOSAL FOR SAN JOAQUIN COUNTY SMALL BUSINESSES

Become a "SQUEEGEE." Details inside!

SAN JOAQUIN COUNTY

SAN JOAQUIN COUNTY HOUSEHOLD HAZARDOUS WASTE FACILITY (HHW) 7850 R.A. BRIDGEFORD STREET, STOCKTON, CALIFORNIA 95206

- Open to qualifying small businesses
- By appointment only (must pre-qualify, small fees apply).
- Call (209) 468-5670 for appointment.

FOR ADDITIONAL INFORMATION

Please call the San Joaquin County Department of Public Works, Solid Waste Division at (209) 468-3066.

TRANSPORTATION TIPS:

- ✓ Transport no more than 15 gallons or 125 pounds per trip.
- ✓ Never mix chemicals.
- ✓ Place chemicals in sealed, preferably original containers.
- ✓ Transport in trunk and pack to avoid spilling.

FROM HWY 99:

- take the Arch Road exit and turn west on Arch-Airport Road
- turn south (left) on Airport Way
- turn east (left) on to C.E. Dixon Road
- turn south (right) on to R.A. Bridgeford St.
- turn left into the facility where sign reads: "Entrance Only"

THE CESQG PROGRAM IS A JOINT EFFORT OF THE CITIES AND COUNTY OF SAN JOAQUIN.

CONTACT INFORMATION

County Hotline: 800-449-4840
Telephone: 209-468-3066
Appointment Line: 209-468-5670

WWW.BEGREENSANJOAQUIN.ORG

FROM I-5:

- take the French Camp exit
- turn east on French Camp Road to Airport Way
- turn north (left) on to Airport Way
- turn east (right) on to C.E. Dixon Road
- turn south (right) on to R.A. Bridgeford Street
- turn left into the facility where sign reads: "Entrance Only"

HOTLINE: 1-800-449-4840

DOES YOUR BUSINESS GENERATE SMALL AMOUNTS OF HAZARDOUS WASTE?

If so, you may have a problem - it's expensive and difficult to dispose of chemicals, such as paint, motor oil, solvents, and acids. Legally, they don't belong in the trash or down the drain; they are hazardous waste, and they must be specially managed and documented.

The Cities and County of San Joaquin have an affordable solution that may work for you.

WHAT'S A "SQUEEGEE" (CESQG)?

San Joaquin County sponsors a **Conditionally Exempt Small Quantity Generator Program (CESQG)** that offers qualifying businesses an affordable solution for hazardous waste management. To qualify as a CESQG (or "SQUEEGEE"), your business must generate per month:

- Less than 220 pounds or approximately 27 gallons (liquid) of hazardous waste.
- Less than 2.2 pounds or approximately 1 quart (liquid) of certain original unused products (i.e., acutely hazardous wastes).
- Less than 110 pounds or approximately 13 gallons (liquid) of perchloroethylene.

MATERIALS SAFETY DATA SHEETS (MSDS) ARE OFTEN YOUR BEST SOURCE OF INFORMATION REGARDING THE PRODUCTS YOU USE. MSDS SHEETS ARE AVAILABLE FROM PRODUCT SUPPLIERS.

WHAT'S IN IT FOR MY BUSINESS?

What's in it for your business? Plenty!

- A low-cost way to safely dispose of hazardous materials.
- Documentation that your business is properly managing its hazardous waste.
- Free consulting from certified hazardous waste specialists and qualified personnel.
- Another level of protection - under "cradle to grave" laws, your business is responsible for wastes it generates. You may be held liable long after you've paid someone else to haul waste away. The County assumes generator responsibility for waste accepted at the Household Hazardous Waste Facility. Once accepted, you can be assured that the material will be disposed of properly.

IT'S EASY TO SIGN UP!

Call (209) 468-5670 to see if your business qualifies for the CESQG Program. If so, you may schedule an appointment to drop off waste. Pick-up services may also be available at an additional cost.

WHAT WILL IT COST ME?

Costs depend on your waste types. Central collection means lower transportation & handling costs. Disposal costs may be considerably lower than what you currently pay. See the back panel of this brochure for sample pricing.

MAY I TRANSPORT IT?

California law allows generators to self-haul up to 15 gallons OR 125 pounds of *their own* hazardous waste at one time. (An exception is made for used oil; you may haul one 55 gallon drum of used oil at one time).

IT'S YOUR RESPONSIBILITY AS A GENERATOR TO KNOW THE LOCAL, STATE, AND FEDERAL REGULATIONS REGARDING THE STORAGE, DISPOSAL, AND TRANSPORTATION OF HAZARDOUS WASTE.

EPA ID NUMBERS

State law requires hazardous waste generators to have an EPA ID number. For more information about EPA ID numbers, call CalEPA Department of Toxic Substances Control at 1-800-618-6942 or visit them on the web at www.dtsc.ca.gov.

WE ACCEPT UNIVERSAL WASTE!

Mercury Containing Devices:

- Fluorescent Bulbs
- HID Lamps
- Neon Bulbs
- Switches
- Thermometers

Electronic Waste:

- Computers
- Monitors
- Small Electronics

Batteries:

- Alkaline
- Lead Acid
- Rechargeables
